

Please do not replace the K-LOVE station with a LPFM. This would be a tragic mistake.

1) K-LOVE serves the community by supplying positive examples and integrity based music.

2) To take this away from the community would be very sad. And could have a negative impact. I know it is very calming music for me and helps me face the crazy commute to work with a solid positive attitude.

3) The positive service provided by K-LOVE is instrumental in promoting a solid caring for one another. Please do not take this away from us.
